

Gibraltar Mine: A Rock-Solid Foundation for Career Growth

At Taseko Mines, we're proud to call British Columbia our home. We are looking for enthusiastic employees who share our vision for long-term, responsible growth in this province.

Joining our Gibraltar Mine team makes you part of Canada's proud mining heritage. The Gibraltar copper-molybdenum mine is a cornerstone of the regional economy and an example of great Canadian mining in action. Located in the heart of BC's stunning Cariboo region, Gibraltar is approximately 60 km north of Williams Lake. It is the second largest open pit copper mine in Canada.

A sustainable mining operation with a 27 year mine life, Gibraltar is undergoing a significant multi-phase expansion taking our daily milling throughput to 85,000 tons per day and we're looking for talented candidates to help us facilitate this. That's where you come in...

We currently have a full time opportunity at the Gibraltar Mine at McLeese Lake, BC

SENIOR MINE ENGINEER

Position Summary:

Reporting to the Superintendent, Mine Engineering, the Senior Mine Engineer is responsible for mine planning and for participating in the integration of mine plans into mining operations. The incumbent accomplishes this by managing the long and short range planners, technicians/surveyors, engineers in training and administrative support personnel so that they function as a cohesive, coordinated, goal-directed unit.

Specific Duties and Responsibilities include but are not limited to:

- Prepares long range feasibility studies to maximize exploitation of the ore body
- Coordinates the development of short and long range mine plans
- Coordinates economic studies of mining methods and equipment utilization
- Liaises with mine operations department to integrate mine plans with operations activities
- Regularly analyses engineering section's operating costs and identifies cost reduction opportunities
- Generates monthly, quarterly and annual reports on engineering section's performance and on mine performance
- Recommends staffing requirements and participates in the hiring process

Qualifications

- Degree in Mining Engineering with a minimum of 10 years experience open pit mine engineering with at least 4 years in an operations supervisory role
- Registered professional engineer
- Strong supervisory and team building skills
- Accomplished written, verbal and group presentation skills
- Strong computer skills with MS Office experience

Compensation

Gibraltar offers an excellent benefit package which includes competitive salary, a Registered Retirement Savings Plan and relocation assistance to Williams Lake.

Qualified applicants, eligible to work in Canada, are invited to explore this opportunity by submitting a cover letter and detailed resume outlining your qualifications and experience, in confidence, by email to: recruit@tkomines.com or fax to 250-392-3121.
